Comments: Dear ICCVAM:

As a working pharmacist for 47 years I am well aware of the need of methods to test new drugs. I completely support research in this area. I do firmly believe in my heart that there are new methods of doing this without sacrificing God's innocent creatures, therefore I am writing to respectfully tell you that I support your immediate acceptance of internationally validated non-animal tests.

Sincerely,

Therese H. Dargie R.Ph.
